Safe City Solution

What is solution architecture

How to cope with safety challenges

Prevent

- Video surveillance for public security and transportation
- Smart detection of illegal activities and suspects
- Police patrol
- Provide city information to citizens

Respond

- Unified emergency response and dispatch
- Cross systems/departments information sharing
- Specialized communication support
- Emergency preparedness

Investigate

- Identify suspects from massive raw video by video synopsis
- Restore the trail of suspicious person/vehicle on E-map
- Find out risky vehicle by big data analytics for city transportation
- Case archives to improve prevention methods
